The spirit of “Let’s Do It” builds the foundation for lifelong learning at SRPS

The only school in the city run by an IIT Bombay alumnus, Mr. Ankit Rathi, whose vision is to give children the confidence to excel and to have a holistic development in order to lead a healthy and prosperous life.

Mr. Ankit Rathi
Director
S. R. Public School

Let’s Nurture Young Minds

Pioneer to establish Atal Tinkering Lab in Kota (Area: 2821 Square Feet)

Atal Tinkering Lab (ATL) of S.R. Public School is dedicated to the mission of equipping students with critical thinking skills and innovative problem-solving solutions by providing ample opportunities for interactive learning in a collaborative environment.

The Atal Tinkering Lab was one of the first to be established, and our goal in bringing it to Kota was to fortify young people's character so they could be resilient in the face of challenges.

Let’s Learn With Fun

We believe in making learning practical, engaging, intriguing, and unforgettable. To encourage hands-on learning and practical application in real life, we send our students on a variety of field visits to places including malls, markets, factories, museums, and banks.

Let’s Play With Pride

S.R. Public School encourages its students to participate in a variety of sports academies. We have a well-equipped national-level shooting range, a large swimming pool, archery, and a basket ball academy for this. Students can learn from the town's most talented and experienced coaches. Every year, students from S.R. Public School compete at various levels, bringing laurels and pride to our school.

Let's Inculcate Virtues

Every child is special and has a distinct personality, just like flowers in a garden bloom in an array of colors.

At SRPS, we teach kids to distinguish between right and wrong, honesty and modesty because our young Buddhas are in the most enchanting stage of life.

Yoga is an excellent tool for cultivating mindfulness, and blending it with meditation and calm breathing can help kids focus better.

Our Achievements

Over the past years, the school has made concerted efforts in infusing success which is every student's dream.
